What is this product?

Type

The Sub-fund is part of INCOMETRIC FUND, organized under the laws of the Grand Duchy of Luxembourg as a mutual investment fund. This Fund is authorised and supervised in Luxembourg by the CSSF. The Depositary is Quintet Private Bank (Europe) S.A.

Term

The investment horizon is medium term and should be at least 3 years.

Objectives

The Sub-Fund's investment objective is to provide investors with long-term growth of capital. The Sub-Fund combines a global, value-based selection approach with a multi-asset allocation strategy, unrelated to benchmark constraints.

The Sub-Fund's investment strategy focuses on a diversified portfolio of international equities, government (with preference to OECD members issuers) and/or corporate bonds (including but not limited to High Yield bonds with no particular rating, fixed-rate and/or floating securities, zero-coupon bonds and treasury bonds), convertible bonds and other UCITS or UCI as well as money market instruments and Money Market UCIs or UCITS, deposits and liquid assets. The strategic allocation is characterized by flexibility and selectivity based on the disciplined analysis of fundamental data. The maximum amount invested in stocks or in bonds may not respectively exceed at any time 65% (including High Yield bonds, but excluding Money Market Instruments) of the Sub-Fund net assets. In times of market uncertainty and in the best interest of the unitholders, the Sub-Fund can maintain higher cash levels, deposit and Money Market Instruments in order to protect its performance; the Sub-Fund may also temporarily hold these investments up to 100% of its net assets.

Intended retail investor

Reserved for institutional investors denominated in EUR. The Sub-Fund is designed for investors seeking a balanced portfolio consisting primarily of stocks, bonds and deposits with no further need to invest in several funds. It targets medium to long term investors and has no time commitment. Minimum Initial Investment: EUR 500,000.
